

## SYSTEM 4500 HINGED GLASS DOORS

The System 4500 door designs offer builders and architects a very unique product for both residential and commercial markets. This versatile design provides inward and outward opening styles as well as French Door configurations. Available in white and beige PVC, this system can also be laminated with solid color or wood-grain foils. Matching windows in tilt-turn, hopper, awning and fixed styles are also available.

**1 Unique PVC corner blocks connect steel reinforcement**

Keep swinging door corner in-square for long-term trouble free operation

**2 Multiple locking points and dual weather seals**

Provide optimum air and water tightness

**3 Large chambers**

Accommodate large reinforcements required in heavy commercial applications

**4 Accessory groove**

Accepts a variety of accessories such as brickmolds, extension jambs and T-mullions

**5 Up to 1 3/8" (34.9 mm) glass and infill panels**

Increases both energy efficiency and acoustical properties

**6 3 1/4" (82.5 mm) frame depth**

Allows for hassle-free replacement installation

### Performance Summary

AAMA: Outswing up to HGD-LC40

AAMA: Dual Outswing up to HGD-LC35

U-factor down to 0.33
